

## GI Norden Workshop 2010

GI Norden is an organization working in close cooperation with the national GI Organizations in the Nordic countries. Its main goal is to inform people about Geographical Information and promote contacts between organizations, companies and individuals interested in GI. GI Norden organizes conferences and workshops every year in the Nordic countries. This is the fourth time that there is a GI Norden event in Iceland. The Workshop is arranged in cooperation with LISA, The National GI Organization in Iceland.

GI Norden has also organized The GI Norden Summer School for the past years. This year, 2010, GI Norden is organizing both the Workshop and The Summer School in Iceland. The Workshop is dated 14<sup>th</sup>-15<sup>th</sup> of June followed by The Nordic Summer School that is dated on the 16<sup>th</sup> of June.

### Call for Abstracts Deadline 15<sup>th</sup> March 2010

The Workshop Committee welcomes all users and researchers in the GI Sector to send in proposals for abstracts for the workshop. The workshops main focus will be GIS in Environmental and Risk Management with special highlights on following topics:

- Environmental risk assessment
- Climate changes
- Hazard prevention, management and control
- Environmental Policy, planning and management
- Security and public safety
- Spatial data infrastructure

We welcome all abstracts related to the above themes. Abstracts should be comprised of:

- Title of the presentation
- Statement of track/session of relevance
- The abstract itself - approximately 300 words

The language of the Workshop is English, so please submit your abstract in English. Send in an abstract of max 300 words to the Workshop Committee, email: [lisa@skipulag.is](mailto:lisa@skipulag.is)

Deadline for submission of abstracts is 15<sup>th</sup> of March 2010. Abstracts should be provided as word files attached to an email. Authors will receive an answer from the Workshop Committee before 15<sup>th</sup> April. We kindly remind you to also register for the workshop and look forward to seeing you in Selfoss in June.
